Robbins To Pay Higher Wages and Defy Trust.

Declares His Intention to Vote for 1903 Scale and Asks Miners to Permit All Employers Who Accept It to Run

Mitchell Asks Men To Decide To-day.—Joint Convention Will Then Reassemble for Action; Arbitration Talk Revived; Relations Of Railroads Questioned

DEVELOPMENTS IN COAL SITUATION.

- Robbins asks miners to permit all operators who sign 1903 scale to run mines. Miners will decide today.
- Trailroads assure independent operators of Pennsylvania their support in fighting wage advance.
- Pittsburg Coal Company and a few independents may close mines for thirty days to sell out supply now on hand.
- Pennsylvania armistice constabulary with revolvers and carbines. Efforts being made to organize negro battalion of state militia.
- Agents of companies in Wilkesbarre fields hiring guards.
- Miners in the twin district return to work.
- River combine begins heavy shipments to Southern points.
- Senator Tillman, in the senate, declares the fuel supply of the country is in the hands of the railroad corporations.

INDORSED ACTION OF SCALE COMMITTEE.

Indianapolis, March 22.—Special.—The miners in convention here this morning indorsed the action of the scale committee to restore the 1903 scale for two years. After this action the convention adjourned until this afternoon at two o'clock when there will be a conference with the operators.

Witte's Message

St. Petersburg, March 22.—Ethelbert Witte, the American consul general, and his family left St. Petersburg on a three months' vacation in the United States. Before departing Mr. Witte was received in audience by Premier Witte, who told him to tell the American people that he believed Russia would eventually emerge from the present crisis renovated and greater than ever. Count Witte also charged Mr. Witte with a personal message to President Roosevelt.

BERRY DEFEATED.

Result of the Arkansas Primaries. Davis for Senator. Little Rock, Ark., March 22.—Congressman John S. Little carried the state Democratic primary in the contest for the nomination for governor over Attorney General Robert L. Rogers and S. Q. Sover. At the state convention, which meets in Hot Springs on June 6 next, he will have probably more than 300 delegates out of a total of 517, thus assuring his nomination on the first ballot. General Jefferson Davis has an apparently insurmountable lead over Senator James H. Berry for the nomination of United States senator. Davis' majority in the entire state may exceed 10,000. No concessions of defeat come from Senator Berry's friends, and many of them express the belief that fuller returns will at least make the contest close. It is estimated that fully 30,000 voters were kept at home by the rain and low temperature.

FRENCH DECREE

Establishing Maximum Tariff Against Venezuela.

Paris, March 22.—It is semi-officially stated that a decree is being prepared establishing a maximum tariff against Venezuela. The Franco-Venezuelan commercial convention of 1902 gives France the same trade agreement as other nations, but President Castro's refusal to permit the landing of French merchandise in Venezuela is construed as being a violation of that convention. Therefore the law of 1902, which provides for a maximum tariff against Venezuela, will go into effect and will result in the practical exclusion from France of Venezuela's chief export, coffee. The imports of Venezuelan coffee into France in 1905 totaled about \$1,300,000.

House Passes the Measure Fostered by Representative Irvin.

CUTS OUT THE FEE SYSTEM

Mandatory County Depository Bill Passed by the Lower Branch—Pay of Solons Doubled—Attempts to Annul the Alkin Tax—New Insurance Code Sought—Legislative News.

Columbus, March 22.—The house of representatives adopted the resolution of Statesman Stewart of Clarke authorizing the appointment of a special committee of three senators (two Democrats and one Republican) and three representatives (two Republicans and one Democrat), with authority to sit after final adjournment and report to the next session an insurance code. Mr. Stewart introduced a bill appropriating \$25,000 for expenses of the special committee.

The mandatory county depository bill, introduced by Representative Woods, passed the house. By 51 to 15 the house passed the state banking bill, but it goes to the senate with amendments. One was offered by Mr. Van Dusen of Huron that permits a bank to loan upon its own stock as collateral. Representative Phillips of Geauga got in an amendment copied from the Valentine banking act making it a felony for a bank officer to accept a deposit when he knows the bank is insolvent.

Lieutenant Governor Harris affixed his signature to the Alkin bill assessing an annual tax of \$1,000 upon saloons. Speaker Thompson previously had signed it, and when General Harris' name further attested the passage of the bill it was dispatched to the governor's office. A futile attempt was made to throw a cloud on the validity of the bill by seeking to disprove the senate journal of Tuesday, and to have expunged from its pages all reference to the passage of this bill by the upper house. Another attempt to recoup the liquor men's defeat was made by Senator Harper, who introduced a new bill to make the Dow tax \$500.

The house by 64 to 34 passed the Watson bill, doubling the salaries of senators and representatives. This applies to the members of the general assembly which will convene in 1907.

The senate passed the bill of Mr. Kellinsy giving village councils the power to name a police judge, upon two-thirds vote, when such appointment is recommended by the mayor. Tinker's house bill providing that health officers shall furnish free of cost anti-toxin for any child suffering from diphtheria whose parents are in indigent circumstances was passed by the senate.

By a vote of 26 to 6 the senate passed the Eagleson house bill carrying a levy of sixteen hundredths of a mill for Ohio State university, four hundredths of a mill each for Ohio and Miami universities and one hundredth of a mill for Wilberforce university.

State Officers' Salary Bill.

The state officers' salary bill of Representative Ervin passed the house. The author said its purpose was not to increase or decrease the present compensation of state officers, but to put them on a strict salary basis, cutting out both fees and special allowances for extra services. However, there are substantial increases in a number of cases. The attorney general is increased from \$5,250 to \$6,300, and school commissioner from \$200 to \$400. The state oil inspectors are left on fees. The salaries of the secretary, treasurer and auditor of state are now \$3,000, with additional compensation for services on various boards and commissions. Their total compensation remains unchanged. The dairy and food commissioner's salary is now \$3,500, with \$750 allowed for expenses. He is allowed \$4,000. The secretary of the governor now receives \$300 a year and fees amounting to from \$400 to \$4,800. Under the bill he will receive \$5,000.

MARRIED AFTER HALF A CENTURY.

Bowling Green, Ky., March 22.—G. F. Newton, aged sixty-eight, of this city, and Mrs. Harriet Lained, aged sixty-six, of Portland, Oregon, were married last night at the groom's home, it being the third marriage for both. Fifty years ago Mr. Newton and Mrs. Lained were sweethearts in Gardner, Massachusetts. They had not seen each other for forty-eight years until last Friday, when Mrs. Lained arrived here from Portland, Oregon, in response to an offer of marriage made by correspondence.

tion remains unchanged. The dairy and food commissioner's salary is now \$3,500, with \$750 allowed for expenses. He is allowed \$4,000. The secretary of the governor now receives \$300 a year and fees amounting to from \$400 to \$4,800. Under the bill he will receive \$5,000.

The senate passed the following: S. B. Mr. Gayman, fixing the levy for the common school fund at one mill and that for the payment of interest on the irreducible debt at ten hundredths of a mill. S. B. Mr. Espy, establishing a state board of accountancy for the regulation of the profession of public accounting in Ohio; S. B. Mr. Harper, requiring that a three-fourths vote of the governing board of fraternal associations shall be necessary to pass upon any question before such board, instead of a mere majority vote as at present; S. B. Mr. Pollock, appropriating \$15,000 for the erection of a monument to the memory of the victims of the Silitana, the memorial to be built under the direction of a commission of three appointed by the governor; S. B. Mr. Atwell, providing that upon petition of 25 or more of any township taxpayers, the trustees of such township shall submit to popular vote the question of whether there shall no longer be tax levies made for road improvements.

Boat Blown Up. Tokyo, March 22.—A fishing boat struck a floating mine March 26 off the coast of the province of Echizen, Japan and was blown up. Seven of her crew of 10 men are missing.

SENATOR DANIEL

Moves an Important Amendment to the Railroad Rate Bill.

Washington, March 22.—Senator Daniel introduced an amendment to the house railroad rate bill making railroads liable for damages to employees resulting from negligence or mismanagement or insufficient railroad equipment on the part of the railroad. It provides that contributory negligence on the part of employee shall not bar the recovery of damages when such negligence is slight compared with that of the employer. It provides that no contract for insurance, relief or indemnity or any kind that may have been entered into between employee and employer shall be a bar to an action on the part of the former or his heirs to recover damages for personal injuries or death.

Knox's Maiden Effort.

Washington, March 22.—Mr. Knox made his first speech in the senate. He spoke on the railroad rate question and dealt almost exclusively with the legal features of the problem. He indicated several provisions of the house bill which he considers unconstitutional, and expressed the opinion that Mr. Bailey's amendment depriving the United States circuit courts of the power to grant temporary injunctions would not stand the tests of the courts.

THE DAILY NEWS CONTINUES TO GROW AT A RAPID RATE.

100 NEW SUBSCRIBERS ADDED TO THE LIST IN THE PAST WEEK.

The DAILY NEWS is now recognized by the merchants of Lima as the leading home newspaper—an enviable position to be sure. The DAILY NEWS has from time to time published a sworn statement of its list of subscribers and has often offered to pay to either one or the other two trailers the sum of \$1000 if they could in any way show that they had a list that would equal that of the DAILY NEWS. The management went still further and offered to give \$1000 to the hospital or any other charitable institution of the city, if either of the other two Lima daily papers could prove that they had a circulation equaling that of the DAILY NEWS. Notwithstanding that a large increase was made in the circulation of the NEWS about two months ago, the new ones are still coming in at the rate of nearly twenty a day. PHYSICIANS' STATEMENT

Diagnosis of Governor Pattison's Case Held Confidential.—Patient Reported Better.

Edema of the Lungs Has Disappeared and Heart is Strong—Wife of Former Governor Campbell at the Pattison Residence.

Columbus, O., March 22.—A statement to the public has been issued by Doctors E. J. Wilson and O. P. Holt, Governor Pattison's physicians, who said: "We wish to say to the public we shall at all times endeavor to keep them informed of the progress of Governor Pattison's condition, but the diagnosis of any case is so entirely confidential in its character that any public discussion of it upon the initiative of the physicians is impossible. Therefore, any question relative to the diagnosis of Governor Pattison's case will, in the future as in the past, be avoided. Governor Pattison has had a favorable day. The edema of the lungs has entirely disappeared. Heart is strong and mind clear. Temperature, normal; pulse, 98; respiration, 22."

Mrs. James E. Campbell, wife of the former governor, has been at the Pattison residence for three days. She and Mrs. Pattison are close friends and Mrs. Campbell came on from New York at Mrs. Pattison's request. The members of the governor's family are reported to be more hopeful than ever. The marvelous will power and resistance of the governor to the serious ailments with which he is afflicted continue to astonish those about him. Mr. Pattison, according to Secretary Houck, had not been laid up by illness for 25 years.

SHERIFF

Engage in a Free Fight Over the Railway Bill. London, March 22.—A correspondent at Tokyo reports that the submission of the house of peers' amendments to the bill for the nationalization of railways to the house of representatives caused a free fight, a considerable exchange of blows and the tearing of clothes among members. Eventually the police were summoned, restored order and closed the doors in order to frustrate the attempt of the opposition to leave the house in a body. The bill was then adopted by a vote of 214, the opposition declining to record its vote, as it considered the government's action in the matter inconsistent with the principle of constitutional government.

JAPANESE SOLONS

Pan-American Congress. Washington, March 22.—A program of subjects to be considered at the Pan-American congress to be held in Rio Janeiro, beginning July 21, was agreed by the committee of congress having that matter in charge, and of which Secretary Root is chairman. There are perhaps a dozen general topics in all on the program, covering practically all the matters of an international character of interest to the nations of both North and South America. Secretary Root is not prepared to make public in detail the subjects to be considered. These subjects, however, include sanitary and quarantine regulations, uniformity of patent laws, international recognition of diplomas and of practitioners of the learned professions, questions affecting commercial intercourse and an international railroad.

Meriwether Resigns. Washington, March 22.—Secretary Bonaparte decided to accept the resignation of Midshipman Minor Meriwether from the naval academy. He will instruct the superintendent of the academy to dismiss the sentence of one year's confinement to the academy grounds hanging over Meriwether because of the death of Midshipman Branch as the result of injuries sustained in a fight with Meriwether. The secretary was informed that Meriwether probably would not pass in his studies and advised to accept the resignation. It is known that life at the academy has become unbearable to Meriwether, and his poor record in his studies is said to be the result of a desire on his part to leave Annapolis.

Destroyed by Fire.

Grand Encampment, Wyo., March 22.—The great smelting, concentrating and electric and steam power plant of the Penn Wyoming Copper company was almost totally destroyed by fire, entailing a loss of between \$300,000 and \$500,000, partly covered by insurance. The smelter building was saved after a hard fight made by the fire department. The origin of the fire is a mystery. The plant had been closed down for the winter on account of the deep snow and improvements under way. Preparations were on foot to resume next month.

Sherick Denied New Trial.

Indianapolis, Ind., March 22.—Special Judge James E. McCullough handed down his decision denying a new trial, and sentenced David E. Sherick, former auditor of state, convicted of embezzling \$12,000 of state funds, 2 to 21 years in the state prison at Michigan City. Sherick leaned on the arm of his counsel, W. N. Harding, when sentenced, but when asked if he had anything to say replied in a firm voice, "Nothing further, your honor." It is not known when he will be taken to prison.

SIX MEN

Fall Victims to Black Hand.

LURED BY GANG TO LONELY HUT AND TORTURED TO DEATH WITH KEEN KNIVES.

Priest's Vestments Found Two Fathers of Greek Catholic Church Involved in Mysterious Minnesota Murder.

Minneapolis, Minn., March 29.—

Six men fell victims to the "Black Hand" here today, their bodies being found this morning in a hut where they had been lured and then tortured to death with keen knives. The murdered men had been slashed in all parts of their bodies and were horribly mutilated, evidently as a warning for others. Most of the cuts on the bodies were not deep, and the victims had evidently been left by the murderers to bleed to death.

Two priests of the Greek Catholic Church are supposed to have been mixed up in the murder, but whether their bodies are among the dead or whether they belonged to the gang which committed the deed is unknown to the police, as none of the bodies has been identified. In a tin box and a grip left in the hut where the bodies were found were two complete sets of vestments of a Greek Catholic priest, even to the costly mitre and robes. In the tin box the police found a check for \$273.60 made out to Nicolò Demtri, and the valise bore the same name. The tin box also contained \$900 in gold, showing that the motive for the murder was revenge, and not robbery. Letters were also found addressed to Demtri, "Chicago, Ill., 315 Austin avenue," and "Lincoln, Ill., Box 245."

Six Men Suspected. Police investigation of the murder has not progressed rapidly, owing to the fact that nothing is known of the murdered man. Six men are supposed to have committed the crime, as they were seen running away from the hut last night, but at that time it was thought that only an ordinary fight had occurred.

Late last night the police received a clew which leads them to believe that the murderers went to Duluth. A drayman identified one of the bodies at the morgue as that of a young man who had engaged him to haul some baggage to the depot the day before the murder. The baggage-man told the police that the young fellow had said that he was going to Duluth with a party of ten persons. The station agent remembers selling ten tickets over the Great Northern Road to a man, but does not remember his appearance. The police at Duluth and Chicago have been asked to be on the lookout for the murderers.

Night Quarrel Overheard. The murders took place in a frame shanty owned by H. Magnusson, an Italian country produce peddler. It is located at 208-10 South avenue. He rented the shack to nine Italians several months ago. The men were gone from the place during the daytime, but every evening were seen to gather in the hut. Nothing strange was observed in the actions of the men, and it is not known what business they were engaged in. The police have discovered that the nine men were up and about the shack all night Monday night.

Several people have reported that they saw lights in the hut all night Tuesday night the nine men returned to the hut early in the evening, accompanied by three more men. During the night the noise of fighting was heard in the place, but the police paid no attention to it.

When Policeman Peterson came on duty in the morning and heard of the fight he began an investigation. His discoveries, when he entered the hut, were startling.

Four Dead Bodies Found. Four bodies were lying on the floor in pools of blood. Long cuts not deep, but evidently inflicted by hands which knew how to handle knives, marked each body. The slashes had been made lengthwise, in a systematic manner, in such a way as to cause the victim to bleed to death while suffering terribly.

Policeman Peterson suspected that there might be other dead men in the hut and descended into the cellar, where two more bodies met his gaze. They had been murdered in the same fashion as the men up stairs. Both were lying in pools of blood and had evidently bled to death.

Several detectives believe that three of the dead men at the morgue were the victims of the nine Italians who rented the hut, and that the other three were members of the band which planned the murder, or were killed by the men whom they attacked. Others believe that the entire six was marked for death by the "Black Hand."

The only clew to the identity of the persons concerned in the murder

besides the name of the priest found on a letter, was discovered on grid which were marked Nicolò Demtri, Dakon Caponi and Sami Yezani.

QUEEN FOOD FOR QUEER PEOPLE.

In Kamchatka the people live in earth-covered pits. Mr. Kennan compares the sound of their language to that of water running out of a narrow mouth jug. Their bread is made from the inner bark of the Pine Tree, macerated in water and baked without flour. They are a hardy race, the Pine keeping the blood pure and the various organs of the body in a healthy condition. Consumption is unknown among them.

Dr. Leach, a noted specialist in throat and lung trouble, who established a camp for consumptives in the Pine Woods of Maine, and whose remarkable cures there have attracted great attention from the medical world, says that one-half ounce of the Pure Virgin Oil of Pine mixed with two ounces of Glycerine and one-half pint of good Whisky, and used in teaspoonful doses, will heal and strengthen the lungs, break up a cold in twenty-four hours and cure any cough that is curable. The ingredients can be secured from any good prescription druggist at small cost.

Inquiry at the prescription department of a leading local drug-gist elicited the information that the Pure Virgin Oil of Pine is put up only in half-ounce vials for dispensing. Each vial is securely sealed in a round wooden case, with an engraved wrapper, showing the name "Virgin Oil of Pine (Pure)" plainly printed thereon. Only the cheaper Oils are sold in bulk, but these create nausea, and never effect the desired results.

Negro's Confession.

Richmond, Ky., March 29.—After confessing to an assault upon Miss Maggie Perkins, 14, stepdaughter of James Barnes, a prominent farmer living eight miles west of Richmond, on the Jacks Creek pike, Charles Francis, a negro, was taken to Lexington for safe keeping. The prisoner was brought to Richmond and lodged in jail, where he made a full confession. Miss Perkins is in a critical condition and may not survive.

Shooting Affray.

Hartford City, Ind., March 29.—Edward Voght was shot and killed by Green Street at Montpelier, Street, who surrendered to the police, asserts that the shooting was in self-defense.

HAD HIS DOUBTS.

Inquisitive at First, But Mr. Melville Acknowledges the Truth Now.

"When I heard that a long Havana cigar, of regular size, was being retailed in the East for a nickel, I did not think it could be possible." "If it could be done, I wanted to do it, and after a good deal of correspondence, I found that this cigar was made in Birmingham, and was called the Wadsworth Bros. Chico. "To make a long story short, I bought a small lot a short time ago, and today we are having regular shipments of 5,000 at a time, to supply my cigar, that has grown up for his cigar. My best smokers enjoy to see how good the Chico is."

British Trades Disputes Bill. London, March 29.—The trades dispute bill, which is a direct outcome of the Taff-Vale decision, which held that trades union funds are liable for the illegal acts of individual members of a union, was introduced in the house of commons by the attorney general, Sir J. Lawson Walton. The present bill provides that no act of a trades union shall be held to be unlawful if such act is lawful when committed by an individual. It sets forth in express terms the right of peaceful picketing. However, the government's measure is not at all to the liking of the labor members, who before its introduction declared their opposition to anything short of complete immunity for union funds.

Railway Deal. Mexico City, March 29.—Arrangements have been practically completed whereby the Mexican National Railroad company will purchase the Hidalgo & Northwestern railroad from Gabriel Mancera and others for \$6,200,000. The deal will have to be ratified at the annual meeting of the shareholders of the Mexican National railway, to be held at Salt Lake City next Monday. Among the reports circulated in connection with this deal is that a line will be extended south to Vera Cruz and north to Tampico and Brownsville.

Struck a Freight. Las Vegas, N. M., March 29.—Santa Fe passenger train No. 10, eastbound, was wrecked at Ribera, 30 miles south of Las Vegas, by colliding with the rear end of a freight train. Several passengers and the fireman on the flyer were injured, the latter seriously. A number of cars were destroyed. The track is blocked and all traffic is at a standstill. The accident is said to have been caused by the failure on the part of the freight train to carry a flag on its caboose.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take; soothing in its influence. It is the remedy of all remedies for every form of throat and lung disease.

APPEALS TO HIGH COURT

Grand Larceny the Charge Preferred Against George W. Perkins.

HEARING SET FOR FRIDAY

District Attorney Jerome Moves in the Matter of Contributions by Life Insurance Companies to Political Campaigns—Defendant's Admission and Other Developments in the Case.

New York, March 29.—District Attorney Jerome has made a move in the mooted insurance case. On a charge that his connection with the contribution of \$15,702.50 from the funds of the New York Life Insurance company to Cornelius N. Bliss, treasurer of the Republican national committee in the campaign of 1904, constituted grand larceny, in the first degree, George W. Perkins, a member of the firm of J. P. Morgan & Company, and until recently first vice president of the New York Life Insurance company, was arrested on a warrant issued by City Magistrate Moss. When a detective went to serve the warrant upon Mr. Perkins he found that a writ of habeas corpus had already been obtained from Justice Greenbaum of the state supreme court, and the matter was immediately taken out of the magistrate's hands. Mr. Perkins appeared before Justice Greenbaum, and at the request of his counsel the hearing in the case was adjourned until Friday. Mr. Perkins was paroled in the custody of his personal attorney, Lewis A. DeLafeld.

The warrant for Mr. Perkins' arrest was applied for by District Attorney Jerome. Magistrate Moss would not act, however, until affidavits were filed in the case. These were presented, signed by Darwin P. Kingsley, vice president of the New York Life; Edmund D. Randolph, treasurer of the company, and by Thomas A. Buckner, also a vice president. Mr. Perkins' counsel admitted to Justice Greenbaum that Mr. Perkins had advanced the sum named to Mr. Bliss upon the request of the late John A. McCall, president of the New York Life. He was afterward reimbursed through the action of the company's finance committee. It was contended that Mr. McCall had executive authority to order the payment, and that if any crime was committed it was participated in by every member of the finance committee present when the matter was acted upon.

District Attorney Jerome made public correspondence between himself and Mr. Perkins which showed that, upon the district attorney's request for information as to the promise of any immunity which Mr. Perkins had supplied Mr. Jerome with all the facts connected with the 1904 campaign contribution. In closing his letter on the subject Mr. Perkins wrote: "When I made the advances mentioned and when I was reimbursed therefor, it never occurred to me that there could be any question as to the propriety of such expenditures, which I believed to be for the benefit of the company."

Despite the action of Mr. Jerome in applying for a warrant for Mr. Perkins and thus taking the matter to the higher courts of the state, Judge O'Sullivan in the court of special sessions again addressed the grand jury which is considering life insurance matters and instructed them that it was their duty to continue the investigation to the end. He told the grand jurors it was their right to demand that the district attorney subpoena witnesses to be examined before them in any matter they may have under consideration.

FRENCH OFFICER

Enters the Infantry and Cavalry College at Leavenworth.

Leavenworth, Kan., March 29.—Jean Bougere, a second lieutenant in the Second Hussars, a son of General Bougere, chief of staff of the French army, arrived at Fort Leavenworth to enter the infantry and cavalry college. An invitation was extended Lieutenant Bougere to enter this institution by President Roosevelt as a recognition of courtesies paid General Chaffee, Bell and Crozier by General Bougere during the visit of the American officers to France last year.

Catholic Church Burns. Philadelphia, March 29.—An explosion of benzine resulted in a fire which wiped out the major portion of the Roman Catholic church of St. Francis Xavier and destroyed the hat factory of Henry H. Roelofs & Company, entailing an estimated loss of \$50,000 on the factory and \$100,000 on the church edifice, partly covered by insurance. When the explosion occurred there were 75 children in the basement of the church who had gathered to attend Lenten devotions. They escaped without injury.

Two Anarchists Shot.

Odesa, March 29.—Attempts to rob business and private houses occur here daily. Ten anarchists rushed into a wholesale grocery store and demanded \$1,000, threatening the clerks with bombs if they refused. A battle with revolvers followed, during which two anarchists were killed. The authorities have taken extraordinary measures to protect property.

AMUSEMENTS.

The "Land of Nod," to be presented at the Faurot Opera House, this evening, is headed by William Norris who has created many stellar roles, including "Alan" in "Babes in Toyland," but it is doubtful if he has appeared to better advantage in any of them than as the "Man in the Moon" in the "Land of Nod." He leaves his wife, "Rory Bory Aber" in the sky and does a little skylarking on his own account with "Bonnie" and the "Chorus Girl" that gets him into all manner of ludicrous situations. Before he returns he has a number of good songs with the chorus and renders them

all in that inimitable manner which has made him famous. He has added another character to his long list of successful interpretations which will be well remembered by all who see it for many years to come as one of the most artistic portrayals ever rendered by a comedian.

A very notable event of the present theatrical season is announced for next Saturday afternoon and evening in Callahan's big production "A Romance of Coon Hollow," with the same scenery and effects used during its triumphant season at the Fourteenth Street Theatre, New York. All of this scenery and every effect are carried, no house scenery being used and besides a strong company, the organization includes the "Coon Hollow" serenaders, a troupe of colored singers and dancers, boys and girls who give a dancing Carnival simply wonderful. Unique electric and calcium displays are also features, but the play depends rather on a vigorous plot, and well portrayed characters, true to nature, than its scenic features. It has been a great success from New York to San Francisco and New Orleans to Minneapolis and all the leading cities East and West. The play is in its twelfth season of success and the dramatic company is everywhere commended. The scenery is entirely new.

ATHLETIC CONTEST AT TRINITY CHURCH TONIGHT.

There was a large congregation at Trinity Methodist church last night and it seems probable that there will be a still larger one tonight. Dr. Avann will speak on "Athletic and Other Contests." Men are especially invited to attend and women are invited to hear what is said to them. Service begins promptly at 7:30. It is well to be there a little ahead of time. Tomorrow evening the sermon will be by the Rev. Frank Stanton, of Ada. Mr. Stanton is pastor of the First Methodist church in that college town where they have recently had a revival that brought hundreds into the church and raised the moral and spiritual tone of the entire town.

Spanish Omelet—Pour a cup of boiling milk over half a cup of fine crumbs and butter the size of an egg.

When cold add the yolks of six or eight eggs, beaten light, and small teaspoon of salt and dusting of paprika. Beat the whites of the eggs until stiff and dry, cutting and folding them into the first mixture.

Have omelet pans hot and butter sides and bottom. Turn in the mixture, spread evenly, place on range and cook slowly. When well "puffed" and delicately browned underneath place pans on center grate of oven to finish cooking the top.

Spread with tomato sauce before folding. Serve at once on hot platter and garnish with parsley and tomato sauce around omelet. The sauce should be thick and nicely seasoned with onion. This will make two large omelets, each omelet for five persons.

Spanish Luncheon Dish—Cut cold roast meat into about inch-thick pieces. To a pound of meat allow half a small cup of olive oil; put in a frying pan with a clove of garlic and an onion sliced fine. Fry brown, then add meat, and fry brown, next add half a can of tomatoes, a teaspoonful of salt and a chili pepper. Meanwhile boil a few sticks (six or eight) of macaroni in salted water until tender; cut in inch pieces and add to meat with a cup of mushrooms, dust well with pepper and add a trifle more salt, as needed for good seasoning. When ready to serve cover top with grated cheese and serve hot.

Spanish Sweet Potato Pone—(Recipe originally came from the island of Barbodes and will instantly commend itself if you like sweet potatoes.) Wash, peel and grate the best quality of sweet potatoes. Measure five cups into a large bowl. Into this stir three cups of best West India molasses, two cups of butter (melted carefully and do not let it get oily), one cup each preserved ginger and candied orange peel cut fine, one teaspoonful salt, one tablespoonful allspice, cloves, mace and cinnamon mixed. When all these ingredients are thoroughly mixed together, pour the pone into a well-greased pan and bake in a moderate oven. Try it with a knife. When the blade comes out clean take it from the oven. Let it get cold before turning it from the pan. It should look dark, like a rich preserve, when properly baked. Half of the recipe will be ample.

The Oneta club was delightfully entertained at the home of Mrs. Henry Blosser yesterday afternoon. Twelve club members answered roll call with quotations. Planning tall on donkey afforded much amusement, for which Mrs. Geo. Ensen received the prize. The guests were Mrs. Miller and Mrs. McElvaine. Just now in the South etons of lace or hand embroidered linen are immensely smart. They are worn either with linen gowns or with a shirtwaist.

In honor of her guests, Mr. and Mrs. A. F. Gorman, of Kentucky, Mrs. Will Sites entertained friends in a most delightful manner on Monday. The time was very pleasantly passed in playing Pedro. Mrs. Sid Patton was most successful and received a pretty prize, while Mrs. Radle Townsend received the consolation. A delectable luncheon of four courses was served.

LIMA ROUTE

SPORT
SHOWING.
Made Last Night By
George Bothner

The Great Champion Wrestler.
 Was a Great Disappointment.

George Bothner, a wrestler, came here from some where, supposed to be New York, to meet Al Akerman in a wrestling contest. The general public expected something out of the ordinary. And why not, with champions swinging into Lima every few weeks they had occasion to expect something of a very rare nature. But they didn't get it last night, and the statements heretofore given out that Bothner is the champion light weight wrestler of the world, is a serious mistake, a mistake that was misleading to many who expected something greater last night. This man Bothner was recently defeated with ease by a wrestler at Montreal, and when asked by the NEWS about the little affair he evaded the question.

Both men went on the mat about 8:49 o'clock last night, weighing under 143 pounds. Akerman weighing four pounds heavier than Bothner. Health Officer Jones refereed the match. Akerman won the first fall in 54 minutes and the second in 15 minutes. Nuff said.

Bothner left today for Indianapolis where he wrestles tomorrow night.

SPORT

SHOWING.
Made Last Night By
George Bothner

The Great Champion Wrestler.
 Was a Great Disappointment.

George Bothner, a wrestler, came here from some where, supposed to be New York, to meet Al Akerman in a wrestling contest. The general public expected something out of the ordinary. And why not, with champions swinging into Lima every few weeks they had occasion to expect something of a very rare nature. But they didn't get it last night, and the statements heretofore given out that Bothner is the champion light weight wrestler of the world, is a serious mistake, a mistake that was misleading to many who expected something greater last night. This man Bothner was recently defeated with ease by a wrestler at Montreal, and when asked by the NEWS about the little affair he evaded the question.

Both men went on the mat about 8:49 o'clock last night, weighing under 143 pounds. Akerman weighing four pounds heavier than Bothner. Health Officer Jones refereed the match. Akerman won the first fall in 54 minutes and the second in 15 minutes. Nuff said.

Bothner left today for Indianapolis where he wrestles tomorrow night.

valued at about \$100,000 and has turned the management of same over to Mr. Frank Burt, the lessee of the Panrot Opera House.

Water Works Office to Move.

The city office of the water works, at present located in the southwest corner of the square, will move in a few days into a room of L. W. Jackson, just across the street from the DAILY NEWS office. The headquarters of the water works will remain there until the new city hall is completed at the corner of Central avenue and High streets.

He's a Hustler.

Charley Mills, one of the best known traveling men on the road, is in the city today the guest of his Lima friends. After a peep at the Land of Nod this evening he will leave for Chicago, his headquarters.

Land of Nod Company Here.

The Land of Nod company arrived this morning from Findlay and will play to a large crowd at the Opera House this evening. Tomorrow morning the company will leave for Mansfield.

Charles S. King Very Poorly.

A letter received by Mr. Frank Phinney, of this city, from C. S. King, formerly proprietor of the Oak restaurant, who has been in Colorado Springs for several years on account of poor health, states that he is very poorly and is rapidly failing. This will be sad news to the many friends of Mr. King in Lima.

Elks Will Elect Officers.

At the meeting tonight of the Elks lodge new officers will be chosen for the ensuing term. After the election a social session will be held.

Ralph's the Whole Thing.

Ralph Hemmiller, the well known mixologist, who served the patrons of Louie Keyler's place for several years, is now managing the handsome new cafe in connection with the New Delaware hotel at Muncie, Indiana, and is doing well.

Lakes His New Location.

Ernest Bissell, whose rise in the railroad world is due to his excellent executive ability, brushed against a NEWS representative at Muncie several days ago and stated that he was very much pleased over his new location. Mr. Bissell was recently promoted from the service of the I. E. & W. in this city to superintendent of the Ft. Wayne division of the I. E. & W. with headquarters in Muncie, Indiana.

Oleason Leaves For New York.

Mr. F. O. Oleason, President of the Sandusky & Southwestern railroad, left this morning for New York City on business concerning his pet railroad scheme. Here's hoping he will come back with money enough to

push the line to completion.

Overcoat Stolen.

Attorney Russell Armstrong is looking for a man about his size with a new overcoat. The theft was committed last night but the police have not yet been able to locate the thief. This is Russell's second misfortune in the past year.

Annual Inspection of L. O. C.

At the annual inspection of Company C last night at the armory by Lieutenant Colonel Yeatman, the company made an excellent showing notwithstanding that the inspection was a rigid one.

New Electric Sign.

The Delsel Weimer Cigar Company are today placing a large electric sign in position on the top of their three story factory on north Main street, advertising the famous San Felipe Cigar.

Pushing Right Ahead.

The excavation for the Dorsey block, on south Main street, between Spring and Elm streets, is being pushed right along and as Mr. Dorsey's custom, no delays are permitted. It is expected that the new structure will be ready for occupancy by the middle of May.

The New Vaudeville.

Notwithstanding the bad weather encountered the new vaudeville theatre on west Market street, is going right ahead and the contractors are making excellent headway.

BOLD ATTEMPT

Catt & DuGray, proprietors of the "Wigwam" Cigar Store, west High street, are willing to be the largest retail cigar store in the city.

REMOVED TO THE HOSPITAL.

Mrs. Marie Shriver, of 306 Tingle avenue, was this afternoon removed from her home to the city hospital in Williams & Davis' invalid coach.

C. H. & D. WRECK TRAIN CALLED

A car attached to freight train 98 jumped the track at Botkins at 1:30 o'clock today and the wrecking crew from this city was called.

Of the Lima & Eastern Railroad Have

BEEN GRANTED A FRANCHISE THROUGH ALLEN COUNTY.

The Lima & Eastern Railroad, in which a number of local men are interested, was granted a franchise through Allen county a few days ago by the county commissioners. The line will parallel the Erie Railroad nearly all the way from this city to Marion.

The line will have an entrance to this city on Bellefontaine avenue and will follow the Erie straight through to Kenton, at which point it will diverge to the north into that city, passing on through in a northeasterly direction until it is about two miles from the Erie road, when a curve will be made, coming back to the original direction and continuing in that line to Marion. From here to Kenton the road will have about the same direction as the Erie and it was learned that 80 per cent of the right-of-way has been secured for its construction and now little trouble is anticipated in getting the remainder. The farmers have been bothered considerably and will be glad of the taking hold of the business by a reliable company and one that can be depended upon to push matters to a speedy end.

Regulates the bowels, promotes easy natural movements, cures constipation—Doan's Regulators. Ask your druggist for them. 25 cents a box.
